

**Gary Breschini & Trudy Haversat to  
present Archeology & Prehistory of  
the Monterey Peninsula Area**

**Thursday, October 26, 7:00 pm.**

**Free**

**Carmel Valley History Center  
77 W. Carmel Valley Road**

October is Archeology Month and, for the fourth year, the **Carmel Valley Historical Society** will host noted archeologist **Gary S. Breschini** and researcher **Trudy Haversat**. For over 40 years this couple has explored and studied Esselen Indian territory, researching and photographing the Central California coast and Big Sur country.

The talk will include some of the items found over the years and brief summaries of the results. They will also present the **first public presentation of exciting new results**. In addition, the talk will include a look at the Esselen rock paintings that they have studied for over 4 decades. Please join us for another intriguing talk, slide presentation and question & answer session.
